

# EVERGREEN

## PROGRESS AND PLANNING REPORT

MAY  
2025

# OUR MISSION

To empower Nigerian farmers for better productivity and food security

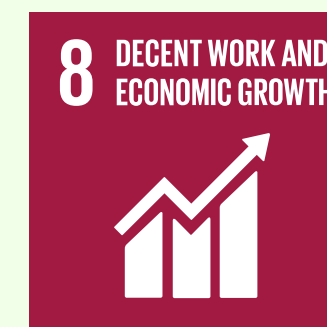

**EverGreen** is a non-profit agricultural development firm committed to the sustainable transformation of the agriculture sector in Nigeria.

We believe the solution to hunger is in our hands, and we actively collaborate with stakeholders to make this a reality.

# FOCUS AREAS

- |   |                                |
|---|--------------------------------|
| 1 | Smallholder Farmer Empowerment |
| 2 | Sustainable Agriculture        |
| 3 | Access to Market               |
| 4 | Capacity Building              |
| 5 | Women and Youth Engagement     |

**WE

SDGS**

# THE PROGRESS

APRIL 2024 TO DATE

Our pilot program is focused on two (2) communities: Karu and Lafia LGAs in Nasarawa State and has so far **reached over 100 farmers**.

100 FARMERS  
REACHED  
SO FAR

35% ENGAGEMENT  
OF WOMEN  
& YOUTH

3 CO-CREATED FARMER  
DEVELOPMENT  
INITIATIVES

## FARM ENGAGEMENTS & NEEDS ASSESSMENT

EverGreen visited several **local farmers** with varying farm structures to understand their operations and challenges, via on-the-ground research, focus group discussions, and farmer consultations.

## IMPACT ON FARMERS

The engagements provided 100+ farmers **training on sustainable farming and financing** and enabled the co-creation of solutions to the top challenges faced.

## Top Five Challenges from Our Needs Assessment

High Cost of Inputs

Poor Quality of Fertilizers  
and Chemicals

Limited Knowledge of  
Sustainable Farming  
Practices

Poor Soil Conditions and  
Land Preparation

Low Crop Yields

## CURRENT PARTNERS

# THE PLAN

## FROM JUNE 2025

### Intervention Program (Needs Based)

In collaboration with our partners, we are engaging in the following three (3) pilot programs in Nasarawa State to directly impact over 300 farmers.

Input Program	Collaborating with organisations to subsidize farming inputs.
Capacity Training Program	Practical sessions including farm demonstrations with agronomist.
Poultry Program	Converting farm waste to poultry feed.

### Monitoring Matters

We adapt good industry Monitoring & Evaluation (M&E) tools for tailored tracking of the social, economic, and environmental impacts of our work. This includes tracking key indicators against agreed baseline and frequency towards valuable targets.

EverGreen is a member of

A joint initiative of the evaluation offices of  
FAO, IFAD, WFP and CGIAR

### Expected Indicators

- Improved applicable knowledge
- Reduced cost of production
- Increased yield
- Reduced post-harvest losses
- Enhanced market access

# WE ARE KEEN TO PARTNER WITH YOU

To improve agricultural productivity and food security in Nigeria, we are actively seeking partners in areas including:

- 1** Strategic Financing
- 2** Provision or Subsidization of Quality Inputs
- 3** Technical Knowhow
- 4** Market development
- 5** Good practice M&E
